## **Easter by Better Cross Stitch**

The image shows a 10x10 grid of binary code patterns, likely representing a specific data set or algorithm. The horizontal axis is labeled with values 160, 170, 180, 190, and 200 at the top. The vertical axis is labeled with values 10, 20, 30, 40, and 50 on the left. Each cell in the grid contains a unique binary pattern, such as a dot, a diamond, a star, or a letter like 'Ж' or 'Ж'. The patterns are arranged in a repeating sequence across the grid.

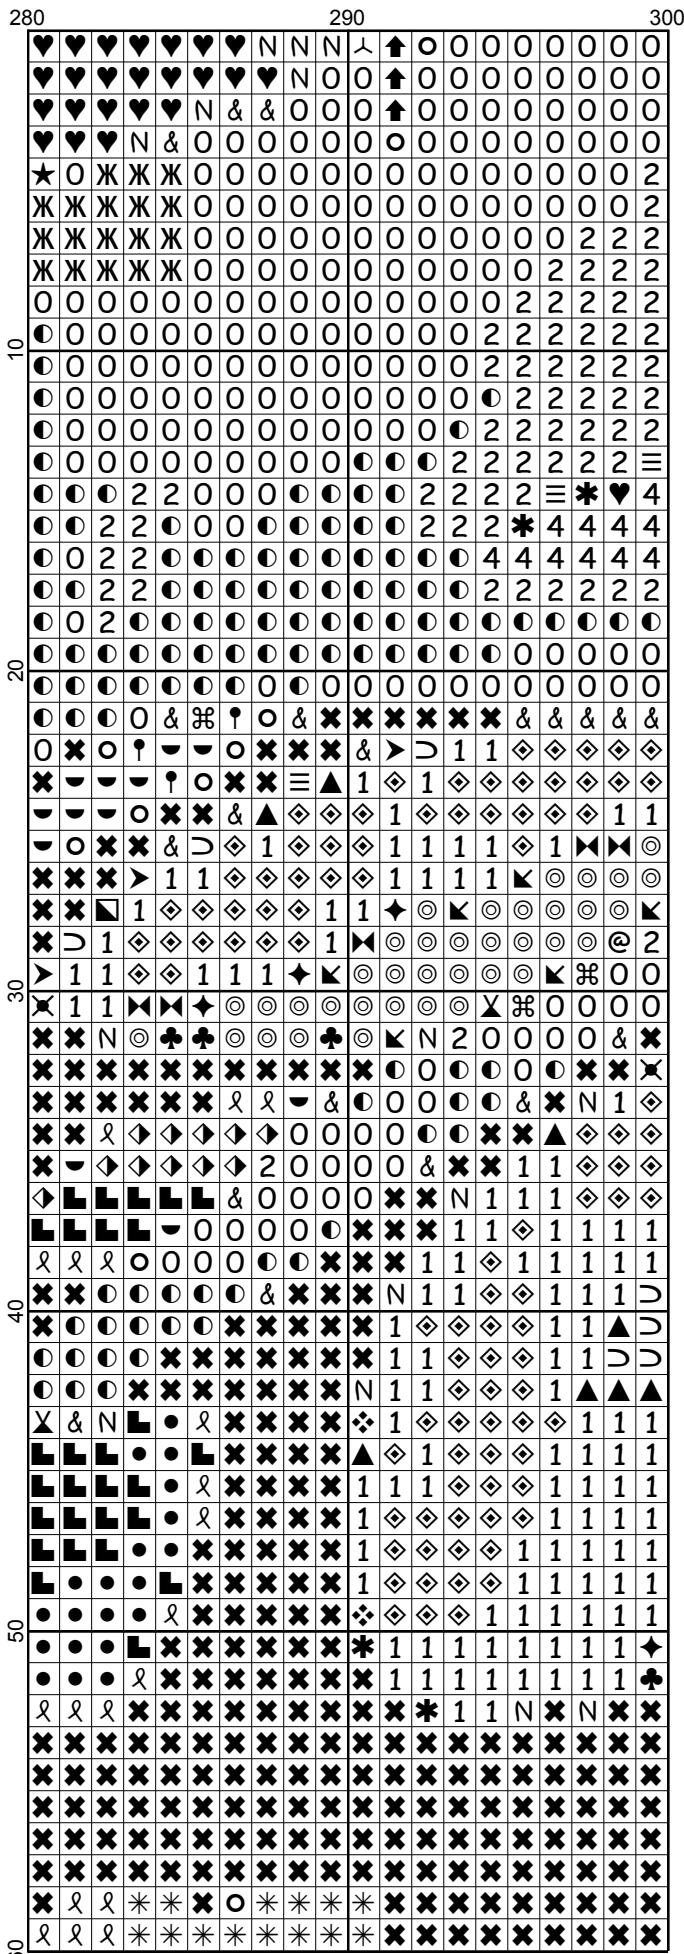

# **Easter by Better Cross Stitch**

The image shows a 500x500 grid of binary digits (0s and 1s). The grid is organized into rows and columns, with labels at the top and left. Row labels are 100, 200, 300, 400, and 500. Column labels are 200, 210, 220, 230, and 240. The grid contains several distinct patterns: a large 'X' shape in the center, a central 'Y' shape, and a diagonal band of stars. The symbols are represented by various characters, including dots, crosses, and other binary-like patterns.
